

May 4, 2023

The Honorable Michael Flood
House of Representatives
Washington, DC 20515-2701

Dear Congressman Flood:

This responds to your April 20 letter to Lincoln Postmaster Kerry Kowalski, regarding the U.S. Postal Service facility in downtown Lincoln. Your letter was forwarded to Postal Service headquarters as decisions about such facility matters are not made by the local Postmaster.

I understand your continued interest in this matter. We confirmed again with Facilities officials at postal headquarters that there are no plans to sell and relocate the Lincoln Main Post Office, located at 700 R Street, as it meets our current and future needs. In addition to previously sharing this information with your office, we also communicated it directly to government affairs officials representing Lancaster County.

The Lincoln Main Post Office is an important part of our postal network. In addition to the substantial retail and delivery operations at that location, this facility also houses administrative offices, a mail processing operation for Lincoln and the surrounding area, and a Vehicle Maintenance Facility that maintains hundreds of vehicles. Vacating and relocating such operations would be highly disruptive to our operations and would significantly impact delivery services to your constituents—our customers.

Thank you for writing. If I can be of assistance on other postal matters, please let me know.

Sincerely,

A handwritten signature in blue ink that reads "James D. Reedy".

James D. Reedy
Government Relations Representative
